FAMILY OF BRANDS

KIKA'S TREATS.

IT ALL STARTED WITH **HOT CHOCOLATE ON A STICK** created by our founder in her farmhouse kitchen in the fall of 2010. Intended as gifts for her family and friends, the concept became so popular a business was soon born. And here we are over a decade later, offering a diverse line of premium artisan chocolates and confections as well as our much-adored hot chocolate on a stick. The Ticket Kitchen is your flavor destination for tantalizing tastes of all kinds, and the view is always spectacular. Come along for the ride, won't you?

Our award-winning **hot chocolate on a stick**, made only from premium couverture chocolate and the finest inclusions, is crafted in more than a dozen flavors and is available in single, 3-pack, and 5-pack assortments as well as seasonal options.

Our line of **beloved chocolate bars** are fun, nostalgic tributes to foods we love from our childhood, with each package telling the story of why that dish means something big in our lives. From Mom's Apple Pie to Hazelnut Cherry Stuffing, Strawberry Chiffon, Grasshopper Pie and more! Available in display case packs of 12 units.

Ticket's **artisan s'mores kits** are simply peerless! We make our own private-recipe graham crackers & marshmallows, and pair them with our famous premium sea salt dusted belgian chocolate. Offered in four flavor combinations, each of our s'mores kits contain service for four.

New to our family this year are our much-anticipated **hot chocolate bombs**! We've spent countless hours developing and perfecting our process for crafting these coveted treats. They're handmade from our premium couverture chocolate and filled with the best cocoa blends and our own gourmet marshmallows that you won't find anywhere else! Available in three flavor varieties (peppermint in the fall and winter only) in service-for-two giftable packages. And be sure to watch for special seasonal bombs!

True works of art, our **chocolate bark** is offered in six flavor varieties that are pure perfection. We hand-swirl two complementary chocolates together with botanical oils, fruits, nuts and other goodies. Available in three-ounce packages, or in larger slabs by the pound.

Kika's salted caramels are made with organic coconut sugar, organic cream & butter, and lots of love! They have a deep-dark browned butter complexity of flavor and are unlike any other caramel you've ever tried. Enrobed in premium dark chocolate, we add either organic crisp brown rice (crunchy) or toasted Oregon hazelnuts (nutty), a sprinkling of sea salt, and offer these caramels in 3-piece packages and 9-piece gift boxes.

For snacking, toasting or melting, our **Plush Puffs™ gourmet marshmallows** are always handmade, contain no corn syrup and are gluten free. Delicious for snacking right out of the package, melted into your favorite hot drinks, or used in any number of recipes. Available in 3.8 ounce retail packages or 2-pound bulk bags in several year-round flavors as well as seasonal offerings.

FAMILY OF BRANDS

Our GMO-free collection of **Kika's Treats** chocolate-enrobed cookies and shortbreads have Brazilian roots by way of San Francisco, a rich chocolate heritage indeed! **Kika's** cookies are offered in seven varieties (two in milk chocolate, five in dark) in case packs of twelve 4.5-oz packages.

Le Grand Confectionary: in our opinion, these just may be the prettiest, tastiest truffles on the planet! Made from premium belgian chocolate that's been expertly tempered to a high shine and filled with luscious, creamy ganache, then hand-finished by our skilled artisan chocolatiers. With over 20 year-round flavors and almost as many seasonal traditional and specialty/holiday shapes, it can be quite the delicious challenge to choose a favorite. So of course we suggest trying them all! Petite (0.75oz) and grand (1.25oz) sizes available in most truffle flavors. 24 truffles per bulk box, and many gift box options as well as empty candy boxes are available.

Co-Manufacturing, Collaboration, and Private Label: We always welcome special projects. Let us know what you're looking for, and we'll work with you to make it a reality!
