CHARLES VIANCIN[®]
INSPIRED BY NATURE[®]

THE MAN BEHIND THE BRAND

*As a designer and an entrepreneur, I have always been seduced by **the amazing creativity of Nature**. I translate each vein, petal and branch that make the strength and beauty of the plants. I dream, I draw. If Nature finds its balance in the lines it creates, why not **adapt them to the objects of everyday life**?*

In 2008, whilst travelling overseas, **I drew a range of kitchen accessories**, among which was the Lillypad lid.

This marked the beginning of a beautiful adventure. Today, there is a full range of kitchen accessories, a range in constant evolution. Just like the plants they are inspired from, these accessories are functional, clever and **bring beauty to your everyday life**, while making it easier and healthier.

I trust you will enjoy using them as much as I enjoyed designing them.

Chris Vicary

NEW PRODUCTS

WHAT IS FOOD GRADE SILICONE?

Charles Viancin products are food-grade safe and BPA free which is integral to family health. Materials & Additives used exceed European (LFBG) and US Food & Drug Administration (FDA) and Japan Polyolefin Hygienic Association food standards. The icons here on the left: lids, drink covers, coasters and bottle stoppers.

SAFE AT HIGH TEMPERATURES

Microwave and oven safe to 428°F/220°C.
Food grade silicone material allows for quick cooking, steaming and reheating.

DISHWASHER SAFE

CREATES AN AIRTIGHT SEAL
to keep food fresh for longer and seal in heat during cooking.

REUSABLE SILICONE
means no more wasting or struggling with shrink wrap or aluminum foil.
