

 **TAKEYA**®

SPRING 2024

Takeya is not the hero in this story. You are. We're inspired by your movement, by the flow of your active lifestyle. We're in it with you for those long early morning runs, sweaty yoga sessions, intense workouts, and precious moments with your family in the playground.

We make a better bottle with the best lid ever, perfectly engineered with **Chill-Lock™ hydration** technology for keeping cold liquids, cold.

So, play at your peak, enjoy your life to its fullest, and quench your thirst—because **hydration is an all-day game**. And our commitment to your wellness is the beat of our hearts.

Welcome to Takeya Spring 2024.

We're happy you're here.

A better drinking experience™ Best. Lid. Ever.

The best lid ever, brings the coolest sip ever

We used science to design our groundbreaking Takeya **Chill-lock™ hydration** lid. It keeps ice-cold liquids ice-cold, and hot beverages hot. In a Takeya bottle, liquids flow exactly as they should. Besides awesome leak-proof and no-sweat insulation, the **Takeya Spout Lid** can handle **sip, chug, and pour** with thoughtful precision—no need to remove it!

Its strong, stainless-steel construction makes the lid nearly indestructible. The innovation that snugs the spout to your lips prevents unnecessary face splashes and shirt showers, every single time you have a sip.

Bottle Technology

1

Made from 18/8 food grade stainless steel and are vacuum insulated so drinks stay icy cold for up to 24 hours and hot for 12.

2

Wide mouth opening large enough for ice cubes.

3

Patented easy-carry handle and sure grip lid band, BPA-free, of course.

4

Powder coated paint goes on extra thick to improve grip and adds durability to keep your bottle looking great longer.

Straw Lid

Your Everyday On-The-Go, Go To

Durable Straw

- Enjoy tilt-free drinking
- Wide straw allows for controlled flow of water
- Durable tip resists bite marks

Easy Access

- Hydration at the flick of your thumb
- Sip without slowing down

Insulated Spout Lid

Designed for Serious Hydrationists

Narrow Spout

- Designed for active lifestyles
- Get more water, faster
- Unique narrow spout means you don't have to remove entire lid

Leakproof Twist Cap

- Easy to open and won't leak in bag
- Locks back out of the way while drinking

Glass Straw

Purity meets function in the Takeya Sure-Grip Glass Water Bottle. This sleek bottle is made from thermo-shock resistant borosilicate glass that will stay odor-free, stain-free and will maintain the purity of the liquid in the bottle, so you just taste your cool, crisp water. The Advanced Sure-Grip Safe Shell technology gives the glass a soft touch and keeps glass shards contained for safe clean-up and easy disposal if broken.

Best Lid Ever

- Folding leakproof straw lid with convenient carry loop and wide neck for easy filling and cleaning

Sustainable

- Endlessly refillable for pure tasting water

Protective Outer Coating

- Silicone layer of protection keeps glass contained if broken

Comes in 22oz

Cold Brew Coffee Maker

Taste the difference with our Cold Brew Coffee Maker. With cold brewing, only the naturally delicious coffee flavors are extracted, leaving behind the bitter oils and fatty acids, creating a perfectly balanced, smooth extraction of concentrated coffee.

Cold Brew Coffee in 3 Easy Steps

1

CHOOSE

Add your favorite coarsely ground coffee

2

BREW

Add cold filtered water, shake well and store in the refrigerator overnight

3

ENJOY

Mix concentrate with hot water or cold water and ice

Cold Brew Coffee Maker

Leakproof
 · Airtight lid for shaking or storing on its side

Ultra Fine Mesh Coffee Filter
 · Designed to brew coffee to perfection
 · Can be used with any ground coffee
 · Ultra-fine mesh keeps coffee grinds from leaking into your coffee

Durable Pitcher Body
 · Made from high-quality, BPA free Tritan™
 · Stain, cloud and odor proof
 · Can withstand boiling hot or ice cold temperatures

No-Slip Grip
 · Silicone handle for easy handling and transport

Flash Chill® Iced Tea Maker

Featuring our patented Flash Chill® technology that chills freshly brewed tea in 30 seconds. The patented airtight lid locks in the flavor and nutrients that evaporate with traditional brewing methods, producing the best-tasting, most nutritious iced tea possible.

Fresh + Flavorful
Iced Tea in Minutes

1

CHOOSE

- Choose your favorite tea
- Use tea bags or your favorite loose leaf teas
- Twist infuser into lid

2

BREW

- Fill Tea Maker halfway with hot water
- Brew tea*

**See tea package for recommended temperature and brew time*

3

FLASH CHILL

- Remove infuser, top off with ice and seal lid airtight
- Shake for 30 seconds
- Serve and enjoy!

Flash Chill® Iced Tea Maker

Leakproof
 · Airtight lid for shaking or storing on its side

No-Slip Grip
 · Silicone handle for easy handling and transport

Fine-Mesh Tea Infuser
 · Allows ample room for loose leaf tea to expand
 · Can be used with loose leaf or bagged tea

Infuser Holder
 · Eliminates drips and spills when removing the infuser from lid

Durable Pitcher Body
 · Made from high-quality, BPA free Tritan™
 · Stain, cloud and odor proof
 · Can withstand boiling hot or ice cold temperatures

Aero Outdoor Pickleballs

SMOOTH GLIDE TECHNOLOGY

- Aerodynamic flight with true-precision glide

PRECISION BOUNCE

- Formulated for consistent bounce even on tough terrain

HIGH VISIBILITY

- Extra bright for high visibility in low-lighting

CRACK RESISTANT

- Single piece rotomolded polyethylene material

STATS

BALL WEIGHT 0.93 oz +/- 0.01 oz
AVG. BALL BOUNCE 33.08 in
OUTER DIAMETER 2.9 in +/- 0.02 in
USAPA COMPLIANT Yes
 One-piece rotationally molded
 40 single-sized holes

The Takeya Aero Outdoor Pickleball is engineered to mix smooth glide technology and exceptional durability for reliable performance in either casual or high level play. The 0.93 oz ball was built to stay steady and straight in windy conditions while not forfeiting speed. The rotationally molded one-piece ball is play ready right out of the box, and will stand up to the rigors of frequent games on a full array of court surfaces. USAPA-Approved and brightly colored for high visibility in low-lighting.
