MILLÉSIME CHOCOLAT

is a bean-to-bar craft chocolate producer in Belgium that creates authentic chocolates from vintage raw cocoa beans that carry non-modified strains of ancestral genes of cocoa tree to the finished product Their distinctive trait is that they only work with beans from exceptional plantations and terrains, putting the spotlight on their defining characteristic, never mixing harvests, regions or vintages. As in the world of wine-making, each of the chocolates is exclusive, bearing its harvest year and its specific terrain. Using organic cocoa beans exclusively from environmentally friendly plantations that do not engage in intensive farming, they work directly with cocoa bean farmers that ensure fair wages and stand firmly against child labor.

Hot Chocolate

100% Natural, contains only cacao and raw cane sugar. Vegan.

This is one luxurious hot chocolate powder, and no wonder since it is made with one of the world's great **single estate cacaos**. This is what gives it its soft, round fruity notes **and incredible depth of flavor**.

We make it from the bean with the same uncompromising commitment to quality as with our chocolate.

We give the beans a light roast, and then **conche at low temperatures for up to 21 days** until the flavor is perfect. Finally we press out some of the butter using early 20th century cocoa butter presses, and mill it into a powder with the raw cane sugar.

100% Natural , Vegan, Dairy Free, Gluten free- soy free

Chosen as the best Hot chocolate in the UK by the Independent, it is simply 52% Medellin cacao and raw cane sugar.
